

## Development Newsletter 15 – March 2016

Dear Neighbours

Welcome to our development newsletter which provides you with an insight to the progress taking place on the 250 City Road site.

On March 8<sup>th</sup> our very own Team 250 took part in the amazing 'Vertical Rush Challenge', which meant they ran up 932 steps of Tower 42 - London's tallest tower and raised over £3,000 for the Shelter – to help them cope with the millions of families facing homelessness.

**SAVE THE DATE!**

Thursday 30<sup>th</sup> June 2016 – Residents' BBQ

## Current Site Activity Update from the Site Team

Once again a lot has changed on site since the last newsletter was issued a month ago. We have an average of 130 operatives on site constructing the reinforced concrete frame. Around 3,671m<sup>3</sup> of concrete will have been poured in March. That equates to 1 and a half Olympic sized swimming pools.

Photo above shows the basement beneath blocks 4 & 5. Macclesfield Road runs along the left side.

Photo above is Block 2 where we are now constructing the columns to the upper ground floor which will be accessed off City Road.

We are committed to ensuring that the workforce is keeping an eye on their health whilst working on our site.

As well as providing free tea, coffee and toast to ensure people are energised and alert, we have introduced a Wellman point in the canteen which will be onsite for a month. The Wellman is a machine that will measure

- Heart Rate and BMI

To encourage a healthy diet there are also healthier snacks, with lower sugar content, available in our canteen

Our 250 City Road Community website is still in construction phase with a completion of 30 April 2016. This will provide you with up to date information on the development with time lapse photos and information regarding upcoming works that may affect you.

Please get in touch if you have any questions or queries about our development on:
